Dear Mr. Carlson:

John Stover sent an electronic mail message to Peter Plage on December 23, 1998, setting a meeting on Wednesday, January 6, 1999, to discuss the Modular Storage Tanks interceptor trench system water line freeze protection plan and two other projects. To allow you to prepare for discussions in that meeting, I am enclosing a project description, a project map and a project draft biological evaluation.

If you have any questions, please contact John Stover of my staff at (303) 966-9735.

Sincerely,

Bob April, Group Lead
